## CRAB ORCHARD

Miss Margaret Salter is visiting Mrs. Mason Morris.

Miss Oged Carson, of Louisville, is visiting Miss Mollie Brooks.

Mrs. Mayfield, of Jellico, and Miss Bettie McFall, are visiting at Wm. Stewart's.

Mr. and Mrs. J. F. Holdam, who went to Wayne county in the interest of his oil fields, have returned home till after the fair.

Willie J. Sigler, who has been visiting his mother at this place, has returned to Altamont Springs, Fla., where he is in business.

Died on the 18th of June, Mrs. H. H. Abraham. She was a good woman, and it can be said of her as of Mary of old when she anointed the Savior's feet: "She hath done what she could."

Visitors are coming in pretty lively just now on account of the fair. Among them are Mrs. D. B. Edington and daughter, Miss Lillie Paxton of Louisville, stopping at Dr. W. J. Edington's. Mrs. Jas. Bronough of Purcell, I. T., and Miss Annie Evans of Danville, are visiting at R. H. Bronough's.

The fair is open, the vehicles are thronging the streets. The sidewalks are lined with foot passengers, the dust is suffocating, the continual "right out to the fair grounds" is heard on all sides, one old man says "far ground," and pandemonium reigns supreme. Well it won't last always, and then we'll feel so good when it's over. I think sometimes, we'd have very little enjoyment in this world, if it were not for all the trials and troubles, that beset us on every side, which only serve to make us appreciate our blessings the more.

Died on the 20th, Miss Eliza Hays. She had been lingering for some time with that dread disease, consumption, but her friends fondly hoped that she might recover. She was taken in the bloom of youth a bright flower withered and dropped from the parent stem ere its petals were scarce unfolded. She leaves father, mother, one sister and six brothers to mourn her loss. May they all live a pure life as she left the example, an be ready when they too, are called to go, so they will meet the loved one who is not dead, but gone before.

## GOOD SHOW.

In praise of Harris' Nickel Plate Show too much can not be said. Mr. Harris has made for himself a name to be envied by the exceptionally high merited performances he gives to the public under his large canvas; and that name is not confined to Florida or the Southern States either, but is known all over the United States. Many people came to see the show yesterday, and those who were fortunate enough to come saw one of the best performances in a circus ring ever witnessed in Gainesville.—Gainesville, (Fla.) Daily Sun, Dec. 4.

Naturally.—The Proprietor—What made the customer walk out?

The Clerk—I don't know. He said he wanted a hat to suit his head, and I showed him a soft hat.

DR. WALKER OWENS.  
Who graduated from the Louisville Medical School in June, and has located at Pongo for the practice of his chosen profession. Dr. Owens is a brother of Granville Owens of Brodhead, and is a young man of extraordinary ability and we predict for him a brilliant success.

## HARRIS SHOWS BACK AGAIN

CIRCUS IS ONE OF THE OLD CLASS WITH BUT ONE RING YET EVERY FEATURE IS FIRST-CLASS.

The W. H. Harris' new Nickel Plate Shows are in the city today. The customary circus parade was given this morning and it was very successful indeed. There was the usual circus bands, the finely groomed horses, pretty prancing ponies, brilliant equipage, lovely women and dashing soldier men, animal cages, etc., all calculated to please and amuse and instruct.

The Nickel Plate needs no introduction in Niagara Falls or in this vicinity for that matter. They are known all over this part of the country, where they visit regularly each year. The Harris shows first came to Niagara Falls years ago and in consecutive years they have not missed a visit to Niagara. That speaks pretty well for the reputation of the combination.

The Harris show is a one-ring circus of the old school. It is clean and interesting throughout. It has bareback riding, gymnastic performances, aerial work, funny clowns, etc., etc., and there is no straining of the eyes and twisting of the neck as in a three-ring circus, to see all that is going on. The patron can see it all and therefore get his money's worth.

The show has just title to its claim at being the best one-ring show on the road.—Niagara Falls, (N. Y.) Gazette.

"Of course I will be uglier some day," she whispered.

"Impossible," he replied gallantly. And he wonders that she sent his presents back.

CHAS. C. DAVIS, our local druggist, asks the readers of this paper who are suffering with indigestion or dyspepsia to call on him at once and get a bottle of Kodo Dyspepsia Cure. If you knew the value of this remedy as we know it, you would not suffer another day. Kodo Dyspepsia Cure is a thorough digestant and tissue-building tonic as well. It is endorsed personally by hundreds of people whom it has cured of indigestion, dyspepsia, palpitation of the heart and stomach troubles generally.

Meeks—No, indeed. She waits until I get home, then she goes to me.

## BRODHEAD.

J. Thomas Cherry spent several days in Cincinnati last week.

Quite a number from this place will attend the Crab Orchard fair each day.

Miss Lillie McBee is visiting her cousin, the Misses Thompson, at Preachersville.

Cleve C. Cable has gone to Mexico to accept a position with contractor Charley Bridges.

Mrs. J. W. Tate went over to Richmond Saturday to take her grand mother, Mrs. Edwards.

Mr. Dan Sowder and sister, Mrs. Ellen Mahaffey, are at Crab Orchard this week taking in the fair.

Little Walter and Nonieal McPherson, of Lebanon Junction, are with their aunt, Mrs. Lou Purcell.

Frank Brooks and Dr. Turner of LaFollette, Tenn., stopped off at Brodhead while on their way to the fair.

Mr. J. E. Wallen and family, of LaFollette, Tenn., are visiting homefolks and taking in the Crab Orchard fair.

Misses Sadie and Montie Martin of Marethburg, visiting their cousin Miss Gertrude Martin from Saturday until Monday.

Miss Maria Nickels, of Danville, is spending several months in the town and country drinking the water for her health.

Mr. Joe Sowder and daughter Mrs. Dessie Farmer were over from Cartersville Sunday and Monday, took back with them a nice lot of blackberries.

Mr. Yank Roberts, formerly of this place but late of Texas, died at his father's at Gum Snipper Friday of heart disease. A wife, who was a daughter of Elder Steve Collyer, and two children survive him.

## WEAK HEARTS

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, the stomach expands—swells, and puffs up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodo Dyspepsia Cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach and contributes nourishment strength and health to every organ of the body. Sold by Chas. C. Davis, the druggist.

Ethel—I offered Ferdya penn for his thoughts.

Edith—Well, I'll never let you do any shopping for me!

The speeches of acceptance will soon be abroad in the land.

Weeks—Does your wife ever send for you if you happen to stay late?

Meeks—No, indeed. She waits until I get home, then she goes to me.

## LEVEL GREEN

Died, Sunday 17th Inst., Miss Rhoda O'Neil, daughter of Robert O'Neil. She had, for some time, been a patient sufferer from that dread disease consumption.

Our public school opened Monday with an enrollment of 44 out of a census of 51—Hard to beat.

Oat harvest is over and farm work pretty well wound up, and the farmers with all the rest of animal nature seems to have lapsed into a state of desuetude and is taking his 40 days "Dog days" rest. Who knows just when "Dog days" begin? July 25th is the day of reckoning by our fathers and grandfathers, and the day upon which to sow turnip seed for a sure crop. This period is said, by the astronomer to run 40 days and is regulated by Sirius the Dog Star. The cold nights are hurtful to vegetation and especially corn just now, tho' the crop is very promising in the Holler at present.

Barton Samms, of Livingston, is with us teaching our farmers how to build good cheap fences with a few rails.

Lots of young miles and calves here soon ready for the market. Well, well, did any one ever see flies so numerous and saucy before. We have killed a million but this only serves as a short check, and they are soon again more numerous than ever. The school book question is again giving our people much trouble and not a little unnecessary expense. Why can't our County Superintendent settle this matter?

We still have no preaching at the Campbellite church. I wish some good preacher would come over into Macedonia and help us. But we are more like Babylon now and have been for a long while than any one else, for confusion reigns supreme. "We" read in Job: "And the sons of God came to torment themselves before the Lord and Satan came also." Yes, and I say we still comes. He may not publicly show his cloven foot, horns or tail but he, the same old devil comes also, and he gets in his work oo for his friends and followers this matter?

The blackberry crop in this community is fine quite a lot is shipped each day. The price paid is 20 cents per bucket of 3 gallons.

We have no sales to note except few eggs, chickens and the purchase of meal, flour and meat. Beans, taters and black berries are illing long gaps now in the provision line.

Very truly,  
BUCK VARNON.

## BEST ONE-RINGER.

The W. H. Harris' World Famous Nickel Plate Shows arrived early this morning, and erected their tents on the show grounds near the Station house.

They gave a very creditable street parade this morning along the principal streets which attracted large crowds.

The afternoon performance was largely attended and every one who went came away well pleased and satisfied.

It was demonstrated today that the good old time one-ring show was still a favorite, and the Nickel Plate is the pioneer one-ring show of the country, giving performances that have never been excelled, and seldom equalled.

The features given by the Harris people this season are exceedingly clever. Among some of the many features that proved applause winners this afternoon were: The two Jennifer children, upon the aerial bars; the Millettes, double trapeze artists; LaSage, upon the bounding rope; Melrose, the somer-sault bareback rider upon a fine steed; Master Ira Millette, the youngest roman standing rider in the world was good; Hezekiah, the kicking mule, and the real old funny clown afforded unlimited roars of hearty laughter. The show in its entirety was of a high degree, giving the best of satisfaction, there being nothing left undone to afford the amusement seekers two hours of real meritorious amusement. They give another performance to-night at 8 o'clock and those who want to see a good show should not miss this one.—The News, Chattanooga.

## JOHN D. CARROLL.

A CANDIDATE FOR APPELLATE JUDGE OF THIS DISTRICT.

Hon. John D. Carroll, of New Castle, one of the best known lawyers in the State, has announced as a candidate for Appellate Judge in this District, subject to the action of the Democratic party. Mr. Carroll's friends—especially in the legal profession—have been con-

tinued to see him on the bench of the highest court in the State. He has held several offices of trust and honor, and in all of them acquitted himself with credit. When quite a young man he served two terms in the Legislature; was a member of the Constitutional Convention, and one of the three commissioners appointed by the Governor to revise the statute laws of the State to conform to the changes made by the constitution, and was for three years chairman of the Democratic State Central Committee. He is the editor of Carroll's Kentucky Codes of Practice, and Carroll's Kentucky Statutes, law books that are in general use and that may be found in the office of every lawyer in the State. A man of high integrity, great industry, with an extensive and accurate knowledge of the law, and in the prime of life, his large circle of friends believe he would make a splendid judge.—[Trimble Democrat.]

SAYS the Spencer Courier: "Pursuant to a call of the Secretary the Democratic County Committee met at the courthouse Tuesday afternoon, those present being Messrs. Jas Maratay, W. W. Boles, Lee Foreman and Jas. Cleveland. Mr Ben Downs, a Gilbert man, was selected to attend the Congressional district meeting at Nicholassville yesterday."—[Upon the action of those four men, did Mr. Gilbert and his friends go before the Nicholassville convention and asked, that the regular chairman, who was elected by a majority of all the voters in Spencer county be kicked aside and Mr. Downs be recognized. This was a case of majority rule. The same thing was done over in Shelby, another case of majority rule.

AN exchange says: "We are not threshing over old straw this year, but history will give the devil his due, whether we do or not. About that 'gold standard' plank, has anybody ever thought to remind you that the first platform with a gold standard ever made, was that made at Indianapolis in 1896; that it took the Republican party four years, and the Democratic party eight years to come to it? Let's drop the blame subject, and get into the present hustle for the offices; that we may put honest men in them. 'Turn the rascals out,' and keep the negro in his place are the only issue this year."

THE new \$3,000,000 hotel on Fifth Avenue, New York, built by the Astor family and called the St. Regis, wants a bar-room very badly indeed, but as the front door is within 300 feet of a Presbyterian church, it has been closed and a side entrance will be utilized. This is the hotel which will not print the prices of dishes served on the menu, but will charge according to fancy and the length of the patron's purse.

THERE never was a time when the Democratic party was more harmonious than it is just at present. There are no "wings," and there is perfect peace in all directions. There are no quarrels pending or impeding and no jealousies to be adjusted and no heart-burnings to be cured. Most of the irritation that exists is in the editorials of Republican newspapers and the hopes of Republican leaders, who are greatly disappointed to find that Tillman carries something besides a pitchfork.

Does a high tariff protect the American workman? Our consul at Birmingham, England, has just sent home report showing that the English laborer who lives on the same scale of comfort as the American pays more for his living than does the American workman. And Secretary Shaw says the highest prices indicate prosperity.

REV. DR. HILLIS declares that the hand of Providence is directing the affairs of the American nation. This is why he is regarded at Oyster Bay as no better than a Democrat.

### POLITICS AND POLITICIANS

Judge Parker has fixed August 10 as the date for his formal "notification."

Judge Alton B. Parker will include Louisville in the cities he will visit should he decide to leave his home at Esopus during the presidential campaign.

Silas C. Swallow and George W. Carroll, prohibition candidates for President and Vice President, were officially notified of their nomination, the ceremony being held for that purpose in Indianapolis.

President Roosevelt has completed his speech of acceptance and placed it in the hands of the printers. Until the day of notification he will indulge in sports and recreations which will fit him for the duties which he will assume after that ceremony.

W. J. Bryan has made public his plan for the reformation of the Democratic party. He advocates State ownership of railroads, Government control of telegraphs, the abolition of private monopoly, the income tax and the election of Federal Judges by the people.

Sunday's battle of Ta Tche Kiao is said to have lasted all day, the Russians finally being forced to retreat. The Japanese firing line extended fifteen miles. There are conflicting reports as to the evacuation of New Chang, the military authorities at St. Petersburg claiming to have no official confirmation of it.

The Republican State Central Committee chose Thomas Walker, Jr., of Lexington, as secretary of the State Central and Campaign Committees. R. P. Ernst was named as chairman of the Campaign Committee, and G. W. Long, C. C. Mengel, Sam J. Roberts and John C. Wood were made the other members. The committee decided the two contests from the Eleventh district in favor of the Hunter men. Mr. Ernst is also chairman of the State Central Committee.

Senator Gorman has made a positive and final statement, to the effect that he will not accept the chairmanship of the Democratic National Committee. William F. Sheehan repeated his former statement that he could not accept the place, and it is now believed by the friends of Thomas Taggart that the Indiana man will get the chairmanship practically without opposition. Mr. Urey Woodson, National Committeeman from Kentucky, may be selected secretary of the National Committee.

The withdrawal of John D. White from the Congressional race in the Eleventh district leaves but two candidates, Hunter and Edwards. White announced his withdrawal in a speech and promised to support the ticket. The other two aspirants put up \$2,000 each for expenses. Both Hunter and Edwards claim the advantage by White's withdrawal.

The Democratic State Central Committee met at Covington and declared Joseph L. Rhinock the nominee for Congress in the Sixth district, the contestant, Judge Hodge, not appearing. It was decided that the primaries called in Nelson and Menifee counties should stand, as the law was not understood when the call was made.

President Roosevelt was formally notified Wednesday of his nomination for the presidency. The ceremony took place at the Roosevelt home, Sagamore Hill. The nomination was tendered by Speaker Joseph G. Cannon on behalf of the Republican convention.

### MRS. MOLLIE MILLER.

The way the mail is handled in some parts of the country is something terrific. In some places it takes a month to get the mail and others you never get it. This is due to carelessness, and if the people will rise up and demand better service, report a few of Uncle Sam's employees, there will not be so much trouble.

KILLED.—Alber Isaacs shot and killed Mart Hubbard Sunday afternoon. The killing was done at Isaacs' home near Conway. The facts brought out, at the inquest held by Squire Durham, showed that Hubbard went to Isaacs' home drunk, and was approaching the house with a pistol in his hand. Isaacs told him not to come, but Hubbard did not stop, and as he was about to enter the door, Isaacs emptied both barrels of a shot gun loaded with buck shot into his body, from the effects of which Hubbard died a few hours later. Hubbard fired two shots at Isaacs.

QUESTIONS AND ANSWERS.

As I see the questions asked in teacher's column of July 8th, remain unanswered, I'll venture a few answers, which if anything better turns in you can throw mine aside:

1st. Should read: There were no less than twenty present. The subject is persons, understood, plural, therefore requires a plural verb.

2nd. Each verb has three participles, present, perfect and compound.

3rd. Is used as a principal verb, has no participles.

4th. I think, the writer, or the editor omitted the decimal point in writing 25 x 25 as the product is 625—but, if the decimal is used as .25 x .25 the product will be .0625 as the product requires as many decimal places as are in both factors.

5th. James is the objective subject of the infinitive, to study.

6th. That is a subordinate conjunction connecting the independent element, with the subordinate.

7th. That is a coordinate conjunction connecting two elements of a compound sentence, into one.

8th. The infinitive is used to denote a custom, according to Butler.

9th. I will not attempt to answer, would like to hear from others.

10th. The sun does not heat the earth directly, but the explanation would be too long.

11th. The seven wise men of Greece, were Solon, Thales, Pittacus, Bias, Chelon, Cleobulus and Periander. They lived between 520 and 548 B. C.

12th. A nautical mile is 1 1/2 common miles.

## THE GREAT CIRCUS HERE.

The World Famous Nickel Plate Show, made famous by truthful advertising and honest methods, is exhibiting here today.

This circus is not a strange one to the people of New Castle, having exhibited here often in the past, and has always pleased large audiences. The show is the pioneer of all popular priced circuses. The parade this morning was all right and the afternoon performance well patronized. The bareback riders, the aerial acts, leaping and tumbling, trick mules, ponies, horses and elephants were all good and the show put together in a way that is pleasing.

The Nickel Plate exhibits only in cities, believing that the people are educated to popular prices and take advantage of the price to see a worthy exhibition.

This show is said to be the largest popular price circus in the world and the big performance that it gives rewards them by a large attendance wherever they exhibit. They are, and always will be welcome visitors to New Castle.—New Castle (Ind.) Daily Courier, July 1st, 1903.

## French LICK and WEST BADEN Springs

In the highlands of Indiana—a two-hours ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendid wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid and exhilarating casinos one can have all the entertainment and social pleasure possible at the most fashionable resorts.
